JUSTICE BLAKE.

A Nomination for Chief Justice of
Montana Made by President
Harrison Yesterday.

Clarkson's Clerks to Put in Extra Time
So as to Make Rapid Removals
of Democrats.

Harrison Notifies the Senate He Will Not
Need Much Longer--Cockrell's Red-
Tape Investigation.

WASHINGTON, March 21.--The president
sent the following nominations to the sen-
ate today: Miles C. Moore, of Walla Wal-
la, W. T., to be governor, and Oliver H.
White, to be secretary of Washington Ter-
ritory; Henry N. Blake, of Montana, to be
chief justice of the supreme court of Mon-
tana; John D. Fleming, of Colorado, to be
United States attorney for the district of
Colorado.

To Hasten the Work of Removal.
WASHINGTON, March 21.--Postmaster-
general Wainman has issued an order
directing all clerks in the office of the first
assistant postmaster-general and such as
may be required from other bureaus of the
department, until otherwise directed, to
begin work at 8:30 a. m. instead of 9 a.
m. hereafter, and remain at their desks until
10 o'clock p. m. in order to expedite the
hours of the day for the purpose of facili-
tating the dispatch of applications and the
preparation of papers or action in the
office of the first assistant postmaster-
general. The clerks in the dead letter
office are also required to work from 8:30
until 6, until the work now in arrears in
that division is brought up.

Near an End.
WASHINGTON, March 21.--In the execu-
tive session of the senate this afternoon
Sherman announced that President Har-
rison had informed him that (he presi-
dent) was so far along with his nomi-
nations that the senate might conveniently
adjourn next week. It is the expectation
of a special session will end Thursday
or Friday next in order to give the presi-
dent in his intention the senate did not
take the three-day recess. The senate will
meet again to-morrow. This notification
makes it practically certain that no regu-
lar business will be transacted in the sen-
ate before adjournment. There will probably
be, however, some discussion of the resolu-
tions introduced yesterday by Judge, de-
claring the senate has power to elect a
president pro tem for service during the
absence of the president. The senate being
desisted by a number of members on
that disputed point.

Confirmed a number of territorial and
postal nominations, comprising all that had
been reported from committees. The list is,
however, withheld, the senate having
declined to suspend the operation of the
rule which forbids a senator to discuss
and delays notification to the president un-
til two additional executive sessions shall
have supervened without the entry of a
motion to reconsider.

Red Tape Delays.
WASHINGTON, March 21.--The special
committee appointed by the last congress
to investigate the methods of doing busi-
ness in the executive departments, of
which Senator Cockrell is chairman, has
completed its work, and the report pre-
pared by Cockrell, who has really been the
committee, will be made to the senate in
a few days. The document is an exhaust-
ive and interesting one, containing nu-
merous illustrations of how red tape and a
senseless adherence to forms and rules in-
terrupts and retards the dispatch of
public business. The report will show
that in some departments the delay in
land bureaus, for instance, it required as
long as four or five years to settle a
claim. In the case of the land bureau, the
claims filed as far back as 1864 in
these bureaus are still undischarged.
In the case of the land bureau, the delay
in making out of the old rules and
adopt new and better methods, with the
result that business is delayed, and
greater accuracy, more speedily and with
more benefit to those interested. The pay-
master-general's office is up with current
business, and requests for information are
answered within twenty-four hours. In
the secretary of the interior's office, Dr. H.
has introduced a card index by the use of
which he has caught up with business over
a year behind at the time he took hold, and
has been able to furnish information in 72
per cent of cases against 50 per cent under
the old style. The report will recommend
in many, if not most cases, a disposi-
tion to ignore the improved ways of doing
business, and the report will recommend
among other things that a commission be
appointed with authority to direct to in-
stitute the reform suggested.

Sketches of Nominees.
WASHINGTON, March 21.--Henry N.
Blake, to-day nominated to be chief jus-
tice of the supreme court of Montana, is
about 55 years of age and is one of the best
known lawyers in the territory, having
practiced his profession at Virginia City
for the past twenty years. At different
times he has served as a member of the
territorial legislature, was a member of the
constitutional convention, and a justice of
the supreme court.

John D. Fleming, the new United States
attorney for the district of Colorado, is a
young man engaged in the practice of law
at Leadville. He was recommended for
the office by the senator from Colorado and
prominent republicans of the state.

The Case of Wolfley.
WASHINGTON, March 21.--The nomi-
nation of Lewis Wolfley, to be governor of
Arizona, is still pending before the com-
mittee on territories. Senator Flint,
chairman of the committee, is waiting to
hear and receive all that may be offered
for and against Gen. Wolfley. When that
is done he will consider it all and give a
judicial decision. He could not do less
than that and any man is entitled to it.
The charges, it is said, are of a very serious
nature, but the general belief is they can-
not be sustained and that Gen. Wolfley's
nomination will receive a favorable report.

Tour of the Bishop of Alaska.
WASHINGTON, March 21.--The secretary
of the navy has been informed through the
secretary of state that the bishop of Alaska
and the Aleutian Islands contemplates an
early tour of inspection to the most distant
parishes of his episcopal see, and that he
will be provided with a Russian vessel for
that purpose. The secretary of the navy
has instructed the commanding officer
of the United States vessel in Alaska
waters to extend to the bishop the courtesies
due to his position and any facilities he
may need.

The Yorktown All Right.
WASHINGTON, March 21.--A favorable
report upon the gunboat Yorktown has
been made by the board. She has been
completed in accordance with the contract
and is sufficiently strong to bear her
weights of every description. The board
is impressed by her clean condition and
soundness. She could be put to com-
mission immediately if her dynamo were
set up and connected and her battery sup-
plied.

Wheat Statistics.
WASHINGTON, March 21.--The March
statistics report of the department of ag-
riculture gives the average weight of wheat
by states. The general average is 55
pounds, the lowest for six years. In the
spring wheat region the range is from 55
in Dakota to 55 in Nebraska. It makes a
crop equivalent to 91,000,000 bushels.

THE CHIN HIANG RIOT.

Details of the Attack of Chinamen Upon
the American Consulate.

WASHINGTON, March 21.--The depart-
ment of state has received further details
concerning the riot at Canton, China, in
the trouble arose out of the stoning of a
Sikh policeman of the British quarter by
a crowd of boys and young men. It oc-
curred on Chinese New Year, when ban-
nery was practically suspended and the
streets were thronged with idlers. The
quarrel of boys was assumed by men, and
a general fight ensued. The report was
that a Chinaman had been killed by the
police, and immediately the enraged mob
attacked and burned the police station.
Broadway was thronged with 20,000 rioters,
who moved towards the United States and
British consulates. When the situation be-
came desperate, the British members re-
fused the two consuls, with their families,
effecting their escape and reached a small
boat, but were not permitted to land. The
mob made various unsuccessful efforts to
board the vessel, but was repulsed at each
instance. The arrival of a brigade of
soldiers in the evening and of a British
battalion in the following morning had the
effect of restoring quiet.

THE SEA DOGS.

Marine Island's New Commandant--Promo-
tions in the Navy Future.

WASHINGTON, March 20.--Secretary
Tracy has ordered Commodore A. E. Ry-
der to take command of the Navy yard
at Mare Island, California, a position
made vacant by the departure of Rear
Admiral Belknap to take command of the
Atlantic squadron. Commodore Benham is
at present awaiting orders. Rear Admiral
S. B. Luce has been informed by the navy
department that he will be placed on the
retired list March 25. His retirement will
cause the promotion of the following offi-
cers: Commodore David B. Harney, to be
rearm; Capt. F. M. Ramsey, to be com-
modore; Commander Wm. T. Casey, to be
captain; and Commander Royal
Bradford, to be commander and Lieut. A.
L. Little, to be lieutenant commander.
Commodore Harney is at present chief of
the bureau of yards and docks, and his
promotion will cause the promotion of
the 27th inst. two days after the retire-
ment that causes his advancement.
Commodore Harney is a native of New York
city, and was appointed chief of the bureau
that he will be reappointed, in which case
he will be the only rear admiral on duty at
the department.

National Capital Notes.

WASHINGTON, March 21.--It has been
practically settled that Fred C. Breckin-
ridge, of Kentucky, will succeed E. W. Younan
as chief clerk of the treasury. It is said Geo.
S. Winster, of Philadelphia, has accepted the
office of supervising architect of the
treasury.

Charles M. Pendley, who has been for
many years chief stenographer at the
white house, has been appointed chief
secretary to the secretary of the treasury,
to take effect April 1.

The acting comptroller of the currency
authorized the Western Montana National
Bank, of Great Falls, to begin business
with a capital of \$250,000.

Franklin Woodruff, W. D. Baird, Theo.
W. Woodruff, and J. C. Baird, of New York,
waited upon Secretary of the Treasury to-day
and asked the appointment of Michael J. Duffy
as chief clerk of the treasury, a position now held by
Col. Fryer. The same delegation also saw
the secretary of the treasury, and asked for
Payne's appointment as public printer. It
is said the president informed the dele-
gation that they would not be considered, as
he had already decided to give it to a western
man.

The president has commuted to imprison-
ment for life the sentence of death imposed
in the case of Albert Green (colored), con-
victed of murder in the district of Columbia
in September last, and sentenced to be
hanged April 5. This is the first criminal
case in which President Harrison has exer-
cised clemency.

manding general of the division of the
